Information Request / Description:
The storm line sitting between grid line C and D will come up on a footing. Please advise on how to proceed

Suggestion:

RJC Structural Response to RFI 098, 2025-02-06

Contractor to remove additional slab-on-grade on top of existing footing (~4" thick).

Advise if new storm line can be installed on top of footing, and be cast back within new backfill and S.O.G. (~8" total).

If additional depth is required, scan footing for rebar and review further with RJC on site.
