### Title

New Gas Application for Emergency Generator

### SCHEDULE IMPACT

No

### COST IMPACT

No

## RETURN BY

Aug 21, 2024

### Information Requested

As per the drawings attached, a 75 mm gas line is required to serve the generator. However, based on our discussion with the City of Brampton, it has been communicated that a gas line is not required for a diesel generator. We need clarification and guidance to provide gas line as mentioned in the attached drawings.
