Title

Sanitary drainage disparity and provision

SCHEDULE IMPACT

No

COST IMPACT

Probable

RETURN BY

Nov 6, 2024

Information Requested

There is disparity between the existing drainage serving the mechanical room at mezzanine level and the IFC drawings. The equipment is noted to remain and as such the floor drains serving the said equipment would also be required.

The IFC drawings do not indicate CTE or indicate any connection points/provisions to incorporate the existing piping. Please advise on if this is the desired intent?
