Hi Paul,

Please see the attached and below response for ductwork size,

The duct in question is a continuation of the 450x250.

Thank you & Regards,

Jaimin Patel, B.Eng., CPM, BIM

Caution: This email originated from outside of the organization. DO NOT Click on links or attachments unless you recognize the sender and know the content is safe.

Hi Guys

Please see attached RFI as discussed for the Basement ductwork layout

We think this should help us fit most of the services in the ceiling space provided with out having to lower the finished ceiling in too many locations or by too much

As soon as we get approval we will release the order and start to install

Thanks

Paul Leddy,
Project Manager
