Probable

COST IMPACT

No

**RETURN BY**

Nov 21, 2024

**Information Requested**

Specified trench drain: The Zurn Z890 model has a lead time of 6-8 weeks, with an expected delivery in January, as it is built to order and assembled (refer to the attached specifications for details).

Alternate option: We have attached an alternative product, the Jay R. Smith 9600-SSP, which has a shorter lead time of approximately 3-4 weeks for your review.

Additional proposal: Another option is to install the PVC channel body, which is currently in stock, in place of the custom stainless steel body with a high lead time. The top stainless steel grate can then be installed later, within 2-3 weeks.

Please advise on how to proceed.
