---

### Title

WC-1 & WC-2 flush valve R.1

---

### Description

Please refer to the suppliers comment below and confirm:

The chosen WC1 & WC2 fixture is Afwall TS Bowl so you can use Base Model TS FV # 606B121.002 (1.28 gpf) with Hard Wired AC adapter # PK01.HAC. I have attached the spec of both the FV and power pack separately. Alternatively you can also choose any of the flow rates (1.6 or 1.1 gpf based on site requirement, all flow rates are indicated on spec sheet).
